ASSIGNMENT

THIS ASSIGNMENT, made by us, Klim (NMN) King, a citizen of The People's Republic of China, residing at 3925 Linden Terrace, City and County of Durham, State of North Carolina, 27705; Henrik G. Dohlman, a citizen of the United States of America, residing at 2226 Stewart Street, City of Berkeley, County of Alameda, State of California, 94705; Marc G. Caron, a citizen of Canada, residing at 2606 Evans Drive, City and County of Durham, State of North Carolina, 27705; and Robert J. Lefkowitz, a citizen of the United States of America, residing at 3539 Hamstead Court, City and County of Durham, State of North Carolina, 27707,

WITNESSETH: That,

WHEREAS, we are joint inventors of certain new and useful improvements in EXPRESSION OF G PROTEIN COUPLED RECEPTORS IN YEAST for which an application for United States Letters Patent has been filed in the United States Patent and Trademark Office on 13 September 1990, under Serial No. 07/581,714; and

WHEREAS, Duke University, an educational institution having a principal operation at Erwin Road, City of Durham, County of Durham, State of North Carolina, 27706, hereinafter referred to as assignee, is desirous of acquiring our entire right, title and interest in and to said invention as described in said application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have sold and by these presents do hereby sell, assign, transfer and convey unto the said assignee, its successors and assigns, our entire right, title and interest in and to the said invention and application, and in and to any and all continuations, continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues thereof which may be granted therefor or thereon, for the full end of the term for which said Letters Patent may be granted, together with our right to claim the priority of said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by us if this assignment and sale had not been made.

We hereby request that said Letters Patent be issued in accordance with this assignment.

We further covenant and agree, and likewise bind our heirs, legal representatives and assigns, to promptly communicate to said assignee or its representatives any facts known to us relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the assignee, its representatives, successors or assigns to secure patent or similar protection

for the said invention in all countries and to vest in the assignee our complete title to the said invention and Letters Patent, without further compensation, but at the expense of said assignee, its successors, assigns and other legal representatives.

IN WITNESS WHEREOF, we have hereunto set our hands and seals on this 27th day of November, 1990.
